

ENVIRONMENTAL POLICY

Acme Mills is committed to managing environmental matters as an integral part of our business.

It is our policy to always assure the environmental integrity of our processes and facilities and in all places.

We will do so by adhering to the following principles:

Legal Compliance

Our products and operations will comply with all applicable regulations and requirements.

Product Stewardship

We will incorporate into our management systems and procedures encouragement to minimize the use of hazardous materials, energy, and other natural resources and to minimize the generation of waste and to enable recycling and reuse of materials.

Continual Improvement

We will promote opportunities to improve our environmental performance.

Involvement and Communication

We will promote participation and communicate our commitment to responsible environmental management by promoting environmental responsibility among our Employees, encouraging them to adopt effective environmental management practices, and by soliciting their input in meeting our environmental goals.
